DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 18 June 2007 has been entered.

Election/Restrictions

Claim 7 is directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), **claim 4**, previously withdrawn from consideration as a result of a restriction requirement, is hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 02 October 2006 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the

provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

1. Claims 1-40 are allowed.

Claims 1-34 have all been amended to include the allowable limitations set forth in the Non-Final rejection filed 18 April 2006 and propagated through the Final Rejection filed 16 March 2007. See page 9, paragraph 3, of the applicant's instant remarks.

Claims 35-40 are new and recite limitations previously rejected as being directed towards new matter. See said Final Rejection, section 1. However, applicant's instant remarks concerning support for positioning the housing in or about an ear of a person are persuasive. To wit, "hearing aids that have limited space due to its inherent use" is clearly suggesting ear-level hearing aids. Hence, based on their dependence from allowable claims 7, 19, 28, 11, 13 and 15, these claims are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
